About this Publication:

Prepared by the editors of *The South African Law Reports*, this publication vastly improves access to *The South African Law Reports*. Subject index entries have been realigned to reflect the current approach to the law. Considerable detail is included with entries so that complete information is provided. *The Index and Annotations to The South African Law Reports* is consolidated from 1947 to date. Annotations are presented in a columnar structure listing the case annotated in bold and allowing users to see all annotations at a glance. This electronic publication also includes indexes to the *Appellate Division Reports (1910 to date)*.

Key Benefits:

- Quick and easy access to The South African Law Reports and South African Appellate Division Reports
- Categorisation of subject index entries according to modernly used terminology
- Detailed entries act as a single, complete reference
- Includes information regarding the nature of the courts' reference to cases
- A clear exposition of legislation judicially considered
- Fully searchable
